Advancing the
Civil Defense Bar[®]

Join fellow GDLA members as we hear from all sides who participated in a recent premises liability/negligent security case that went to verdict in Gwinnett County. You will hear the strategies of all the attorneys involved, both Plaintiff's counsel and Defendants' counsel, regarding the issues their clients faced and the strategies each employed to protect their clients' interests. Over lunch, you will also hear from the judge who oversaw the trial of the case who will give you the "view from the bench" as well as discuss professionalism in a case such as this.

This seminar is suitable for all attorneys of all experience levels. Whether you're defending your first premises case or your fiftieth, you are sure to gain valuable new insights from every perspective. For less experienced attorneys, we will begin with a 15 minute general overview of premises liability and discuss the facts of this case, which involved the brutal beating and robbery of a worker who stayed after-hours one weeknight.
