Matt Moffett secures the best possible results for his corporate and insurance clients, and is recognized annually by his peers as one of the Top 100 lawyers in Georgia. Over the last few years Matt has secured defense verdicts in five wrongful death cases where each adverse attorney asked the jury to award a 7 or 8 figure verdict. In another spinal cord injury case where the adverse attorney demanded an 8 figure settlement, Matt brokered a five figure settlement during the first day of trial. He also secured a defense verdict in a sexual assault case involving a minor on the property of a religious institution, where the adverse attorney asked the jury for a seven figure verdict. These cases represent just some of Matt's more than 100 successful trials.

Matt is a past president of the Georgia Defense Lawyers Association, and he is an instructor at the annual GDLA Trial Academy. He regularly is invited to speak to defense lawyer organizations across the country on trial strategy, and also presents for the Defense Research Institute, State Bar of Georgia and Claims and Management Alliance.

Vindication

"I want to thank you for all your hard work and the great job you did preparing and trying the case . . . and several colleagues asked me to pass along their respects for a job well done. I just got off the phone with the insured and he couldn't say enough . . . his wife used words like "superb" and "fantastic", and said that she couldn't have handpicked better attorneys. They both felt a great sense of relief getting with they called vindication. I think this will help them move on after almost five years. Thanks again for your hard work"
