Vindication

"I want to thank you for all your hard work and the great job you did preparing and trying the case . . . and several colleagues asked me to pass along their respects for a job well done. I just got off the phone with the insured and he couldn't say enough . . . his wife used words like "superb" and "fantastic", and said that she couldn't have handpicked better attorneys. They both felt a great sense of relief getting with they called vindication. I think this will help them move on after almost five years. Thanks again for your hard work"
